

White Knight

Pave and Deck Grip Fact Sheet

White Knight Pave and Deck Grip is an additive designed to improve the slip resistance of White Knight Paving Paint and Ultra Pave. The surface texture helps reduce the occurrence of a slippery surface when wet.

Preparation

See Paving Paint

Preparation

For slip reduction, approximately 20g or 2-3 heaped scoops per litre, is suggested.

Application Details

Add to Paving Paint or Ultra Pave before application following guidelines on the pack. Note: For optimal colour and binding for solvent-based White Knight Paving Paint, a final finish coat without the additive is recommended. For White Knight Ultra Pave, add Pave & Deck Grip to the final coat.

Pack Sizes

200g

Health and Safety

Refer to Material Safety Data Sheet available by request on 131 686.

HANDY HINT

Used in conjunction with White Knight Paving Paint and Ultra Pave. For added grip recommended dosage can be doubled.
